

## WOULD BID RUSSIA WELCOME TO "FAMILY OF FREE NATIONS"

Resolution of Sympathy and  
Congratulations Introduced  
in Assembly at Albany.

(Special from a Staff Correspondent of the  
Evening World.)

ALBANY, March 20.—The Assembly has on the table a resolution introduced by Mr. Whitehouse of Kings, extending the right hand of fellowship to the new Russian Government and congratulating the people of that realm upon the overthrow of the Czar.

The resolution came to the front last night, but was compelled to go over under the rules. It is as follows:

"Whereas, the people of Russia have thrown off the shackles of despotism and autocracy, and are about to form a new and democratic form of government based upon justice and upon political and religious freedom, and

"Whereas, the State of New York, more than any other State, has sheltered thousands of Russian-born people, who were compelled to become refugees because of their struggle for a democratic form of government in their own land, and their refusal to submit to the oppression of the Russian autocracy, and

"Whereas, the people of Russia, imbued with the same revolutionary spirit that inspired the founders of our own republic in the days of '76, need, and are entitled to, all encouragement possible from a people who themselves established the first great modern republic, founded upon the principles of government for, from and by the people;

"Therefore, be it resolved, if the Senate concur, that the Legislature of the State of New York, citizens of the new government of Russia, and to the Russian people its congratulations and protestations of friendship, sympathy and good will, and does hereby heartily welcome the newly born Russian democracy into the family of free and independent nations."

The County of Kings contains more Russians, or persons who once owed allegiance to Russia, than any city in Russia except the four largest.

## CANDY MAN WON WIFE, HE SAYS, IN \$75,000 SUIT

Mr. and Mrs. Samuel Bernstein in  
Court on Fifteenth Anniversary  
of Wedding.

Charging that his wife's long association as a business partner with James M. Washburn, the owner of a chain of candy stores, has turned her affections from him to Washburn, Samuel Bernstein, a Brooklyn court clerk, is suing the candy man for \$75,000. Washburn demanded a bill of particulars before Justice Aspinwall in Brooklyn to-day and Bernstein was directed to furnish the Court with a full statement.

Bernstein alleges that his wife was enticed away from her home last September by her business partner. They have been together several hours a day for the last three years, according to the complaint. Washburn and Mrs. Bernstein have entered a general denial. Washburn is a member of many clubs and has been interested in civic movements in New Jersey. Mr. and Mrs. Bernstein were married March 20, 1901, so the fifteenth anniversary of their wedding was spent in court. They have one child.

## HITS AT NEWSPAPERMEN.

Senator Accuses Them of Lobbying  
in West Side Matter.

ALBANY, N. Y., March 20.—Senator Sage created a breeze in the Senate to-day by rising to a question of personal privilege and charging that "certain newspapermen who are not registered as lobbyists" were interfering with the work of the Finance Committee in the consideration of the Burlington resolution to investigate the New York Central West Side contract in New York City. He said that both Houses would give prompt attention to the issue, but that no interference would be tolerated.

## LONG ISLAND WINS SUIT.

Court Decides Against Stockholders  
in \$25,000,000 Case.

The \$25,000,000 damage suit brought by Dick Bros., brokers, and other minority stockholders for an accounting from the directors of the Long Island Railroad was dismissed to-day by Supreme Court Justice Lehman in a long decision. The stockholders also asked for a receiver, which the Court refuses to appoint.

At the trial of the case, which covered several weeks, the stockholders attempted to show that the Long Island Railroad was being "milked" to provide profits for the Pennsylvania Railroad. It was contended that the New York Connecting Railway was built at the expense of the Long Island Railroad, but would do that road no good. Samuel R. President of the Pennsylvania, admitted on the witness stand that the Long Island road was not a direct beneficiary of the connecting road.

## SHORTCOMINGS OF RAILROADS.

(From the Philadelphia North American.)  
The railroads forgot to knock on wood. No sooner had they boasted that they were ready to handle any emergency in case of war than they got hopelessly tangled up with food shipments in time of peace.

## BAD BREATH

Dr. Edwards' Olive Tablets Get  
at the Cause and Remove It.

Dr. Edwards' Olive Tablets, the substitute for calomel, act gently on the bowels and positively do the work.

People afflicted with bad breath find quick relief through Dr. Edwards' Olive Tablets. The pleasant, sugar-coated tablets are taken for bad breath by all who know them.

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, gripping cathartics are derived from Dr. Edwards' Olive Tablets without griping, or any disagreeable effects. Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with bowel and liver complaint with the attendant bad breath.

Dr. Edwards' Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 10c and 25c. All druggists.—Advt.

## For All Pain

"The efficiency of any drug," says Dr. C. P. Robbins, "is known to us by the results we obtain from its use. If we are able to control pain and disease by means of any preparation, we certainly are warranted in its use. One of the principal symptoms of all diseases is pain, and this is what the patient most often complains to us for, something to relieve his pain. If we can arrest this promptly the patient is most liable to trust in us for the other remedies which will effect a permanent cure. One remedy which I have used largely in my practice is anti-kamnia tablets. Many varied are their uses. I have put them to the test on many occasions, and have never been disappointed. I found them especially valuable for headaches of malarial origin, where quinine was being taken. They appear to prevent the bad after-effects of the quinine. Anti-kamnia tablets are also excellent for the headaches from improper digestion; also for headaches of a neuralgic origin, and especially for women subject to pains at certain times. Two anti-kamnia tablets give prompt relief, and in a short time the patient is able to go about as usual." These tablets may be obtained at all druggists. Ask for A-K Tablets. They are also unexcelled for headaches, neuralgia and all pain.—Advt.
